Shivoham, Dear Guruji, I recently received Maha Meru Sri Yantra and I have been saying the Sri Suktam and Khadgamala Sutra daily in front of it. I am also practicing Level 4 Sri Vidya Mantra of Bala Tripura Sundari. Subsequently, I have been feeling a complete shift in my energy field. I can't even find the right words to convey it. It is like a refinement of my consciousness and although not too much has changed in my outer world, there is a sweetness and enjoyment in everything I am doing, even if it is quite mundane. My question to you is about Ma Bala. I am a soul oriented person, so I am not able to sense Ma Bala's presence in physical form nor connect with her in dreams. Can you please tell us a little bit more about how she manifests in the body? Thank you very much.

Bala Tripura Sundari is the child form of Lalithambika, Raja Rajeshwari, and Maha Tripura Sundari. It is not different from Raja Rajeshwari. It is a child form, the innocent form of Lalithambika, Raja Rajeshwari. And when you know that, whenever child consciousness is there, its way of thinking is different. Whenever the adult or the young kid is there or children are there, understanding and consciousness is different. Similarly, whenever you become a mid-age person, your consciousness, your understanding and your thinking is different. So, when we worship this form of Lalithambika in the child form, it is an innocent energy, unconditional consciousness. You need to understand. And it will bless whatever you want, without any judgment, without any expectation. It is something so beautiful awareness, very peaceful, sweet consciousness, I can say. And now coming to how it manifests in the body. It manifests in the body the way that you never thought. Sometimes you start seeing the faces of the smile baby in your meditation or in your dream. Or sometimes you go outside somehow the children will come and touch you. They start seeing and smiling on you. Or somebody is coming and asking you something. All of this will start happening. Or in your own home, or in your neighbour, you started attracted or the children start attracting to you and communicating you without any reason. There are many, many different ways that Divine Mother manifests. When we were doing the, this level 4 workshop in Hotel Kanishka in Bangalore, what's surprising was that we just did the initiation of the Bala Tripura Sundari and outside our hall, the children, some

school event was there, small children, small girls started coming there. They are whistling, they are shouting, they are smiling and all of that. We saw that. We received the blessing of Bala. The moment we, you know, finished our initiation, we received the Bala. Sometimes when I myself meditating and doing all of that, suddenly when I am so much emotional, devotional and connecting to the Bala, I see that my own daughter is coming and touching me in my meditation. She is coming, opening the door and knocking the door and, you know, coming and touching and telling that. You see that there are many ways that you can see the Bala Tripura Sundari manifest. Most of the time, if you see her as a form, she comes with a pure white energy and pure pink energy and the energy is very sweet, very blissful, very joyful. That I cannot explain. The bliss and joy, that is amazing. You are in that joy, you just forget everything about the past and future. You just enjoy whatever you do. That is the present state of consciousness, the present moment of the consciousness that is the Bala Tripura Sundari. Many times, some of our own students, they express that whenever they started Bala Tripura Sundari, they are getting small baby school girls are asking for a lift from their vehicles. They give a lift to the small girls and all of that. You know, that is something, so many different experiences are there. Some students seeing that some neighbours are coming, their neighbour's child is coming and before that never it happened, coming and taking a chocolate or giving a chocolate or keeping some items of that baby in their home and all of that. So there are many ways, I cannot explain the experience, how she will manifest. The Divine has a, she likes to play. Bala is one energy she playfully works with you. And if your love for her is true, whether you are a kinaesthetic or not, whether you are whatever type of visualistic or not, she will come and bless and show you that I came and blessed you. Thank you
